**ORDER DEADLINE:
Saturday, April 1, 2017**

INSTRUCTIONS:

Again this year we are proud to offer a selection of superb native plants! For 2017 — our 7th year — you can choose from among: (A) 8 TREES, (B) 20 SHRUBS, and (C) 45 PERENNIALS (up from 30!), and this year we are offering *three (3) Special Collections* (described below) designed to jumpstart your backyard habitat by attracting birds, butterflies, bees, and other pollinators.

TO ORDER: Mark your choices and complete the Order Form by adding up the number of plants in each category and entering the total amount of your order on the final page. **Orders must be pre-paid by check or money order payable to U.U.C.S.J.S.** (preferred method), **or in cash**, by or before **Saturday, April 1, 2017**. Order Forms may be dropped off at the Social Justice table in the foyer of the UU Center on Sunday mornings, or you may mail your completed form with your payment to: U.U.C.S.J.S. Native Nursery-Grown Plant Sale, P.O. Box 853, Pomona, NJ 08240. *Thank you for your order!*

TREES & SHRUBS come in **#3 containers** (10" diameter x 11" deep), **#2 containers** (8" diameter x 9" deep), or **#1 containers** (6" diameter x 7" deep), as noted, while **PERENNIALS** most often come in **1 quart containers** (with a few in **#1 containers**).

IMPORTANT: Some plants listed may be unavailable due to losses during the growing season, or quantities may be limited for some species (LQ). *Plants will be available on a first come, first served basis.* (If your order cannot be filled, a full refund will be made.)

~ All native plants are **neonicotinoid-free** and genetically adapted for our area, and provide food in the form of nuts, seeds, berries, fruits, leaves, pollen, and nectar that best meet the needs of butterflies and other pollinators, as well as hummingbirds and other birds & wildlife.

NATIVE SHRUBS & TREES ARE LONG-TERM INVESTMENTS IN PROMOTING SUSTAINABLE LANDSCAPING!

* **Purchase 10 or more shrubs and/or trees and receive your choice of one of the following free:**
Sweetfern ~ Northern bayberry ~ Red chokeberry ~ Beach plum
(Indicate your choice at check-out on page 5)

* NEW THIS YEAR! ▶ *Butterfly Host Plant Collection*

Most butterflies need trees and shrubs as their host plants, but we have pulled together an essential collection of **twelve (12) herbaceous host plants** so that butterflies—black swallowtail, American lady, monarch, pearl crescent, and others—can successfully complete their life cycles in your garden!

Collection includes: 1 Pearly Everlasting, 1 Field Pussytoes, 1 Swamp Milkweed, 3 Common Milkweed, 1 Yellow Wild Indigo, 1 Coral Honeysuckle, 1 Little Bluestem, 1 Smooth Blue Aster, 1 New England Aster, 1 Golden Alexander.

▶ plus 1 free Partridge Pea **Twelve (12) native plants for \$70 (order on page 5)**

▶ *"Woodland Gems" Collection*

Our collection includes **eight (8) different native Woodland Gems** listed on pages 3-4. Perfect for naturalizing in shade or part-shade locations!

Collection includes: 1 Canada Columbine, 1 White Wood Aster, 1 Alumroot, 1 Great Blue Lobelia, 1 Woodland Phlox, 1 Bluestem Goldenrod, 1 Zig-Zag Goldenrod, and 1 Foam Flower.

▶ plus 1 free Golden Ragwort

Eight (8) native plants for \$50 (order on page 5)

▶ *Spring-Fall Pollinator Collection*

Here's a wonderful, money-saving starter collection or a great gift or addition to any garden! These **eighteen (18) dazzling native perennials** will provide bees, butterflies, and other pollinators with excellent sources of nectar and pollen from May through October.

Collection includes: 1 Swamp Milkweed, 2 Butterfly Weed, 1 Blue Wild Indigo, 3 Purple Coneflower, 2 Joe Pye Weed "Little Joe," 3 Liatris, 1 Wild Bergamot, 1 Seaside Goldenrod, 2 New England Aster, 1 New York Ironweed, 1 Golden Alexander. ▶ plus 1 free Hoary Mountain Mint

Eighteen (18) native plants for \$99 (order on page 5)

*New this year!

*LQ = Limited Quantities

(A) TREES

Native trees are the keystone species in any functioning backyard ecosystem.

When we think of planting a tree, we tend to think of "specimen" trees—a single tree surrounded by lawn. However, you can maximize environmental impact by planting groupings of trees with an understory of smaller trees and shrubs in tree/shrub islands, on edges, or along property borders.

KEY *Ecological benefits:* Bd=bird, Hm=hummingbird, Bf=butterfly, BfHP=butterfly host plant, MHP=moth host plant, WL=wildlife, Po=pollinator

	Description		Size	Price per plant	Quantity	Amount
Hackberry <i>Celtis occidentalis</i>	Mid-sized tree, dark purple fruit a bird favorite, HP for five (5!) Bf species: question mark, eastern comma, hackberry emperor, tawny emperor, American snout; 40-50'	Bd, BfHP, MHP, Po, WL	#3 5-6'	\$29 (3 for \$79)	_____	\$
Eastern redbud <i>Cercis canadensis</i>	Understory tree with distinctive heart-shaped leaves, blooms in early spring; pea-like magenta flowers grow from twigs, trunk, and branches; 10-30'	BfHP, MHP, Po, WL	#3 3-4'	\$29 (3 for \$79)	_____	\$
* Flowering dogwood <i>Cornus florida</i>	Understory tree; showy white "flowers" bloom before leaves in early spring; red fruit is a bird & wildlife magnet, spring azure BfHP; 20-30'	Bd, MHP, BfHP, WL	#3 4-6'	\$29 (3 for \$79)	_____	\$
* Persimmon <i>Diospyros virginiana</i>	Mid-sized tree, simple 6" lustrous dark green leaves; 1½" round, pale-orange berries turn ripe in late fall; a wildlife favorite, host plant for luna moth; 30-60'	Bd, MHP, Po, WL	#3 (LQ)* 5-7'	\$29 (3 for \$79)	_____	\$
Eastern red cedar <i>Juniperus virginiana</i>	<i>A must have!</i> Evergreen! Provides crucial early spring nesting sites & year-round shelter; abundant whitish-blue, berry-like cones essential to migrant & winter birds; 25-40'	Bd, BfHP, MHP, WL	#2 2-3'	\$21 (3 for \$59)	_____	\$
* Hophornbeam <i>Ostrya virginiana</i>	Understory tree; fruit forms papery, bladder-like pod which resemble hops; simple 2-5" leaves, tolerates dry soil and shade; 20-30'	Bd, MHP, WL	#3 (LQ)* 4-7'	\$29 (3 for \$79)	_____	\$
Black cherry <i>Prunus serotina</i>	Host plant for 10 species of giant silk moths and 5 species of butterflies, provides berries for 70 (!!) species of birds; blooms in late spring, berries in summer; 50-70'	Bd, MHP, BfHP, WL, Po	#2 (LQ)* 3-4'	\$21 (3 for \$59)	_____	\$
Sassfras <i>Sassafras albidum</i>	Small tree, unusual leaves, 1-, 2- & 3-lobed on same tree; yellow flowers in spring, peach fall color; dark blue berries sought after by birds; 30-60'	Bd, BfHP, MHP, WL, Po	#2 3-4'	\$21 (3 for \$59)	_____	\$

(B) SHRUBS

Plant shrubs in groups of three for best impact.

Perfect in the partial shade of trees, on the edges of shrub/tree borders, as foundation plantings, and as hedges. Plant shrubs near bird feeders and bird baths to provide cover from predators.

KEY *Ecological benefits:* Bd=bird, Hm=hummingbird, Bf=butterfly, BfHP=butterfly host plant, MHP=moth host plant, WL=wildlife, Po=pollinator

	Description		Size	Price per plant	Quantity	Amount
Pawpaw <i>Asimina triloba</i>	Large shrub or small tree; appears tropical with simple, large leaves and 2-5" long fruit; prefers rich soil; 8-25'	Bd, BfHP, WL	#3 2-3'	\$29 (3 for \$79)	_____	\$
New Jersey tea <i>Ceanothus americanus</i>	Small, much sought-after shrub; showy white flowers, attractive to butterflies; does well in poor, dry soils; HP for summer azure; grows slowly to 2-3'	Bd, Bf, BfHP, Po	#3 18-24"	\$29 (3 for \$79)	_____	\$
Buttonbush <i>Cephalanthus occidentalis</i>	White flowers in round ball-like heads, blooms in mid-summer; medium size, prefers a moist site, perfect near a drain spout; terrific Bf nectar source! 3-8'	Bd, MHP, Bf, BfHP, WL, Po	#1 2-3'	\$14 (3 for \$39)	_____	\$
* Fringetree <i>Chionanthus virginicus</i>	Large shrub or small tree; strap-like, delicate, fragrant white flowers delight in late spring; 3-8" dark-green, simple leaves; 10-20'	WL, Po	#3 3-4'	\$29 (3 for \$79)	_____	\$
Sweet pepperbush <i>Clethra alnifolia</i>	Sweet-scented white flowers in long racemes; very important nectar source for Bfs with its Jul-Sep bloom-time; great alternative to butterfly bush; 3-8'	Bd, MHP, Bf, BfHP, Po	#2 24-30"	\$21 (3 for \$59)	_____	\$
* Sweetfern <i>Comptonia peregrina</i>	Small nitrogen-fixing shrub; pleasantly aromatic, simple, fern-like leaves; grows on sterile, dry soil; will colonize open areas; 2-4'	MHP, WL	#1 18-24"	\$14 (3 for \$39)	_____	\$
Silky dogwood <i>Cornus amomum</i>	Multi-stemmed shrub, grows as wide as tall, reddish branches; creamy white flower clusters in June attract pollinators; small blue berries; 4-8'	Bd, MHP, Bf, BfHP, WL, Po	#2 18-24"	\$21 (3 for \$59)	_____	\$
* Red twig dogwood <i>Cornus sericea</i>	Small shrub; white flowers in upright, flat-topped clusters late May to mid-July; white berries, brilliant red stems — a knock-out in all seasons! 3-8'	Bd, MHP, BfHP, WL, Po	#3 3-5'	\$29 (3 for \$79)	_____	\$

(continued on following page)

* *New this year!*

*LQ = Limited Quantities

(B) SHRUBS (continued)

KEY Ecological benefits: Bd=bird, Hm=hummingbird, Bf=butterfly, BfHP=butterfly host plant, MHP=moth host plant, WL=wildlife, Po=pollinator

	Description		Size	Price per plant	Quantity	Amount
* Witchhazel <i>Hamamelis virginiana</i>	Fragrant, strap-shaped yellow flowers bloom Nov-Dec (!). Roundish, simple, attractive 3-5" leaves turn yellow in fall; 10-15'	MHP, WL, Po	#2 3-4'	\$21 (3 for \$59)	_____	\$
* Oakleaf hydrangea <i>Hydrangea quercifolia</i>	Small, full shrub, showy, white sterile and fertile flowers from a showy, large cone; attractive leaves resemble red oak's, turn maroon & scarlet in fall; 3-10'	Bd, WL, Po	#2 (LQ)* 2-3'	\$21 (3 for \$59)	_____	\$
Inkberry holly <i>Ilex glabra</i>	Shiny, small, deep-green leaves provide shelter for birds year-round; thorn-free and evergreen; small white flowers, black berries persist into winter; dioecious; 3-6'	Bd, MHP, BfHP, WL, Po	#3 4-5'	\$29 (3 for \$79)	_____	\$
Winterberry holly <i>Ilex verticillata</i>	Medium-size, deciduous, multi-stemmed shrub; birds feed on bright red berries clustered on twigs and persist into winter (very ornamental!); dioecious; 5-9'	Bd, MHP, WL, Po	#3 3-5'	\$29 (3 for \$79)	_____	\$
Virginia sweetspire <i>Itea virginica</i>	Small shrub; dark green leaves contrast with arching racemes of nectar-rich, white, spring flowers; leaves turn bright red-purple in fall; 4-6'	Bd, Bf, WL, Po	#2 (LQ)* 18-30"	\$21 (3 for \$59)	_____	\$
Sweetbay magnolia <i>Magnolia virginiana</i>	Small, slender, semi-evergreen, shrub or small tree; large showy aromatic flowers, dark green leaves whitish beneath; unusual upright "cone" of red fruit; 10-30'	Bd, MHP, BfHP, WL, Po	#3 4-5'	\$29 (3 for \$79)	_____	\$
Wax myrtle <i>Morella cerifera</i>	Evergreen shrub, more southern than bayberry but does fine here; whitish waxy berries an important food source for migrating birds; salt water tolerant; dioecious; 5-15'	Bd, BfHP, WL	#2 4-5'	\$21 (3 for \$59)	_____	\$
* Northern bayberry <i>Morella pensylvanica</i>	Bushy, nitrogen-fixing, fragrant shrub; waxy berries very important food source for winter birds; semi-evergreen; salt water tolerant; dioecious; 4-6'	Bd, BfHP, WL, Po	#1 12-24"	\$14 (3 for \$39)	_____	\$
Red chokecherry "Brilliantissima" <i>Photinia pyrifolia</i>	White rose-like flowers in flat-topped clusters appear in late Apr; important nectar source for Bfs; lustrous green leaves turn bright scarlet, attractive red fruit; 5-10'	Bd, MHP, Bf, BfHP, WL, Po	#1 5-6'	\$14 (3 for \$39)	_____	\$
Ninebark <i>Physocarpus opulifolius</i>	White-pinkish, 5-petaled flowers in flat-topped clusters mid-May to mid-June; member of Rose family; good pollinator shrub, dense branches provide cover for birds; 3-6'	Bd, WL, Po	#1 2-4'	\$14 (3 for \$39)	_____	\$
* Beach plum <i>Prunus maritima</i>	Valuable early spring pollinator plant; masses of white flowers bloom before leaves in early spring; tart, purple plums ripen Sep-Oct; 3-8'	Bd, Bf, WL, Po	#1 2-3'	\$14 (3 for \$39)	_____	\$
* Blackhaw viburnum <i>Viburnum prunifolium</i>	Large, multi-stemmed shrub; pretty white flowers in early spring; berries go from pink to blue-black; well-drained soil, sun to light shade; 8-16'	Bd, BfHP, WL, Po	#2 12-24"	\$21 (3 for \$59)	_____	\$

(C) PERENNIALS

Perennial flowers and groundcovers provide pollen, nectar, or leaf food for butterflies, moths, other native insects, birds, and other wildlife.

- Several listed below are also essential butterfly host plants.
- Plant perennials in groups of three (3) or more to maximize environmental value.

► "*Woodland Gems*" } These plants are all perfect candidates for shade or part-shade locations in tree/shrub borders. These gorgeous bloomers will provide important nectar and pollen for pollinators while naturalizing by spreading or self-seeding, and so increasing your native wildflower understory with each coming year.

	Description		Size	Price per plant	Quantity	Amount
Canada columbine <i>Aquilegia canadensis</i>	Showy, nodding, scarlet-orange flowers with yellow center pollinated by hummingbirds in late spring; self-seeds to form a lovely display; 1-2'		Qt	\$6 (3 for \$16)	_____	\$
* Goat's beard <i>Aruncus dioicus</i>	Large, dense flower spikes of small white flowers; large compound leaves, best in part-shade; fantastic pollinator plant; dioecious, will self-sow; 3-6"		Qt	\$8 (3 for \$22)	_____	\$
Green-and-gold <i>Chrysogonum virginianum</i>	Superb groundcover! Golden yellow 1" daisies in spring through early summer; forms dense dark-green mats; 6-12"		#1	\$10 (3 for \$27)	_____	\$
White wood aster <i>Eurybia divaricata</i>	White flowers with rose disks, abundant blooms in flat clusters add fall color to dry, shady understories; self-seeds, will naturalize rather quickly; 1-2'		Qt	\$8 (3 for \$22)	_____	\$
* Woodland sunflower <i>Helianthus divaricatus</i>	Bright yellow rays and yellow disks make these sunflowers 'pop' in late summer; spreads from rhizomes — so give it room to shine; 2-5'		Qt	\$8 (3 for \$22)	_____	\$
Alumroot <i>Heuchera americana</i>	Tiny cream flowers on loose, stiff panicles held above round, heart-shaped ornamental dark-green leaves; forms lovely clumps in part shade; 1-2'		Qt	\$6 (3 for \$16)	_____	\$
Great blue lobelia <i>Lobelia siphilitica</i>	Intense blue flowers, 1" long, upper lip with 2 lobes & lower with 3; will naturalize & bloom in late summer; beautiful color in sun, part-shade; 1-2'		Qt	\$6 (3 for \$16)	_____	\$
* Allegheny pachysandra <i>Pachysandra procumbens</i>	Our native pachysandra; semi-evergreen leaflets; blue-gray leaves have lovely silvery venation; clump doubles in size each year; 6-10" tall, 20" wide		#1	\$10 (3 for \$27)	_____	\$

(continued on following page)

*New this year!

(C) PERENNIALS (continued)

Description	Size	Price per plant	Quantity	Amount
*more "Woodland Gems" *LQ = Limited Quantities				
* Woodland phlox <i>Phlox divaricata</i>	Gorgeous light-blue flowers are held above dark-green leaves; foliage forms mats as it spreads, a true woodland garden gem; 1-1½'	Qt	\$8 (3 for \$22)	____ \$
* Creeping phlox <i>Phlox stolonifera</i>	Violet or purple flat-topped, tubular flowers bloom mid-spring; held above evergreen leaves that form a mat in moist understory; 6-10" tall, 20" wide	Qt	\$8 (3 for \$22)	____ \$
Bluestem goldenrod <i>Solidago caesia</i>	Dark green leaves, bright yellow axillary flowers & arching stems, brightens up the fall landscape; prefers partially-shaded understory; 1-3'	Qt	\$6 (3 for \$16)	____ \$
Zig-zag goldenrod <i>Solidago flexicaulis</i>	Goldenrods support 115 species of butterflies and moths; Zig-Zag's flowers grow in clusters in the leaf axils. Lovely! 1-2'	Qt	\$6 (3 for \$16)	____ \$
* Celandine poppy <i>Stylophorum diphyllum</i>	Large, 1-2" wide, showy yellow flowers highlight the springtime woodland garden; attractive, deeply lobed, divided leaves. Naturalizes readily (yes!).	Qt (LQ)*	\$8 (3 for \$22)	____ \$
* Tall meadow rue <i>Thalictrum pubescens</i>	Numerous, starry-looking white flowers held high above lovely dark-green foliage; best in moist soil, open areas or part-shade; naturalizes easily; 3-5'	Qt	\$8 (3 for \$22)	____ \$
Foamflower <i>Tiarella cordifolia</i>	Masses of star-shaped white flowers held on 4-10" long stalks above attractive, heart-shaped leaves. Spreads readily (yes!!)	Qt	\$8 (3 for \$22)	____ \$
* Christmas fern <i>Polystichum acrostichoides</i>	Easy-to-grow, clump forming, native fern does not require wet conditions, retains green color year-round; prefers shade/part-shade; 2'	#1 (LQ)*	\$10 (3 for \$27)	____ \$

► Nectar & Pollen Plants for Sun or Part-Sun

Landscaping on a small piece of property? Consider Swamp Milkweed, Blue Wild Indigo, Rough-stemmed Goldenrod, Joe-Pye Weed, and Coral Honeysuckle, which do double duty as butterfly and moth host plants as well as providing excellent sources of nectar and pollen. Perennials and grasses also provide leaves, seeds, and cover for birds and other wildlife.

Description	Size	Price per plant	Quantity	Amount
Threadleaf bluestar <i>Amsonia hubrichtii</i>	Beautiful plant for all seasons: sky-blue flowers with narrow petals bloom in May and long, narrow leaves turn yellow to peach in fall; 3'	Qt	\$6 (3 for \$16)	____ \$
Eastern bluestar <i>Amsonia tabernaemontana</i>	Lovely, low-maintenance, clump-forming perennial, light-blue, star-like flowers in terminal clusters; nectar source in May, sun to part-shade; 2-3'	Qt	\$6 (3 for \$16)	____ \$
* Pearly everlasting <i>Anaphalis margaritacea</i>	Flower heads are pearly-white bracts with yellow stamens, white-wooly stems & leaf undersides; HP for American Lady & Painted Lady Bfs; 1-3'	Qt	\$6 (3 for \$16)	____ \$
* Field pussytoes <i>Antennaria neglecta</i>	Dull-green, wooly leaves readily form mats in well-drained soil; white flowers cluster to form small head atop 10" stem; HP for American Lady Bf; 1'	Qt	\$8 (3 for \$22)	____ \$
Swamp milkweed <i>Asclepias incarnata</i>	Showy pink flowers in umbels attract hairstreaks and skippers, host plant for monarchs, Jun-Jul; medium to wet soils; 2-6'	Qt	\$6 (3 for \$16)	____ \$
* Common milkweed <i>Asclepias syriaca</i>	Mauve-pink, fragrant flowers, in 2-4" wide, round clusters, blooms Jun-Jul; preferred monarch HP + essential summer nectar & pollen; spreads; 3-5'	Qt	\$6 (3 for \$16)	____ \$
Butterfly weed <i>Asclepias tuberosa</i>	Showy, bright orange flowers; terrific nectar plant for many different species of butterflies, HP for monarchs; sun, dry soil; 1-2'	Qt	\$6 (3 for \$16)	____ \$
Blue wild indigo <i>Baptisia australis</i>	Lovely, indigo-blue, pea-like flowers in loose racemes, attractive blue-black seedpods, forms 3' w x 3' h clump; HP for frosted elfin butterfly	Qt	\$6 (3 for \$16)	____ \$
Yellow wild indigo <i>Baptisia tinctoria</i>	Yellow pea-like flowers on bushy plant, blooms in early summer, blue-gray leaflets; dry, sandy soil; butterfly host plant; 1-3'	Qt	\$6 (3 for \$16)	____ \$
Purple coneflower <i>Echinacea purpurea</i>	Terrific nectar plant! Large, 2-4" deep, rose flower heads attract butterflies and goldfinches. A must-have! 2-3'	Qt	\$6 (3 for \$16)	____ \$
Boneset <i>Eupatorium perfoliatum</i>	White flowers in small heads forming a broad cluster, blooms late summer and fall, distinctive leaves appear to be pierced by the stem; 2-3'	Qt	\$6 (3 for \$16)	____ \$
Joe-Pye weed "Little Joe" <i>Eutrochium dubium</i>	Small, pinkish-purple flowers in large clusters held on 3-4' high stems; blooms late summer and fall; pollinator magnet!	Qt	\$6 (3 for \$16)	____ \$
Liatris (Blazing star) <i>Liatris spicata</i>	2-4' high spikes packed with hundreds of pinkish-purple flowers; a top nectar and pollen plant!	Qt	\$6 (3 for \$16)	____ \$
Cardinal flower <i>Lobelia cardinalis</i>	Breathtaking, bright scarlet tubular flowers attract hummingbirds and butterflies in Jul & Aug; does best in moist soil; 3' high	Qt	\$6 (3 for \$16)	____ \$
Coral honeysuckle <i>Lonicera sempervirens</i>	Easy-to-grow, non-invasive, exceptionally long-blooming vine; scarlet, trumpet-shaped flowers are hummingbird magnet, MHP too; a must-have!	Qt	\$8 (3 for \$22)	____ \$
Wild bergamot <i>Monarda fistulosa</i>	Nectar-rich, lilac-pink flowers in dense heads; 3' high, can be cut back for a second bloom; spreads slowly — lovely in any setting!	Qt	\$6 (3 for \$16)	____ \$
* Dotted beebalm <i>Monarda punctata</i>	Pale yellow, purple-spotted flowers with large pink-tipped green bracts, pale gray-green leaves; blooms late summer; well-drained soil, sun/part sun; 2-3'	Qt	\$6 (3 for \$16)	____ \$
Foxglove beardtongue <i>Penstemon digitalis</i>	Trumpet-shaped, bright-white flowers arranged in terminal clusters on multiple stems, lovely dark-green leaves; sun to light shade; 2-3'	Qt	\$6 (3 for \$16)	____ \$
